'Veil' film rights

MGM/UA Communications Co. has obtained film rights to a new book by **Bob Woodward**, *Veil: The Secret Wars of the CIA 1981-87*. **Lee Rich**, chairman and chief executive officer of MGM/UA, described the Woodward best seller as "the type of excit-

ing literature that readily translates into first-rate entertainment."

Veil is a chronicle of the covert wars run by the CIA under the supervision of William J. Casey. The book portrays Casey as a free-wheeling director and has raised a storm of controversy over the late CIA director's alleged admission that he had full knowledge of the diversion of Iran arms sales profits to the Nicaraguan Contras.
